15. WINDMILL

V-1/ Windmill turning 'round and 'round
Pumps our water from the ground
Fill the bucket to the top
Careful not to spill a drop

C/ Round and round and round it goes
Driven by the wind that blows
Where it stops nobody knows
Round and round the windmill goes

V-2/ Waiting for the wind to blow
Any breeze will make it go
See the windmill way up high
Spinning circles in the sky C/

V-3/ Hope that windmill never stops
Should that windmill wheel fall off
That would be a tragedy
We'd get thirsty as could be C/
