## Dickie Bird

### 6. Water

Water - is a very wonderful thing - water  
Water - it makes me wantta just sing - water  
Water - you can wash your face in it  
Water - you can splash and swim in it

Water, water, water

Water - comes pouring down when it rains - water  
Water - it makes you wantta just change - water  
Water - it's an after dinner drink  
Water - you can make a skating rink

Water, water, water

Water - I really like this song - water  
Water - but maybe it's a little too long - water  
Water - you can squirt a friend with it  
Water - your fish can swim in it

Water, water, water

It's just sensational, celebration, hand washable, thirst quenchable, clearly lookable

Water, water, water
